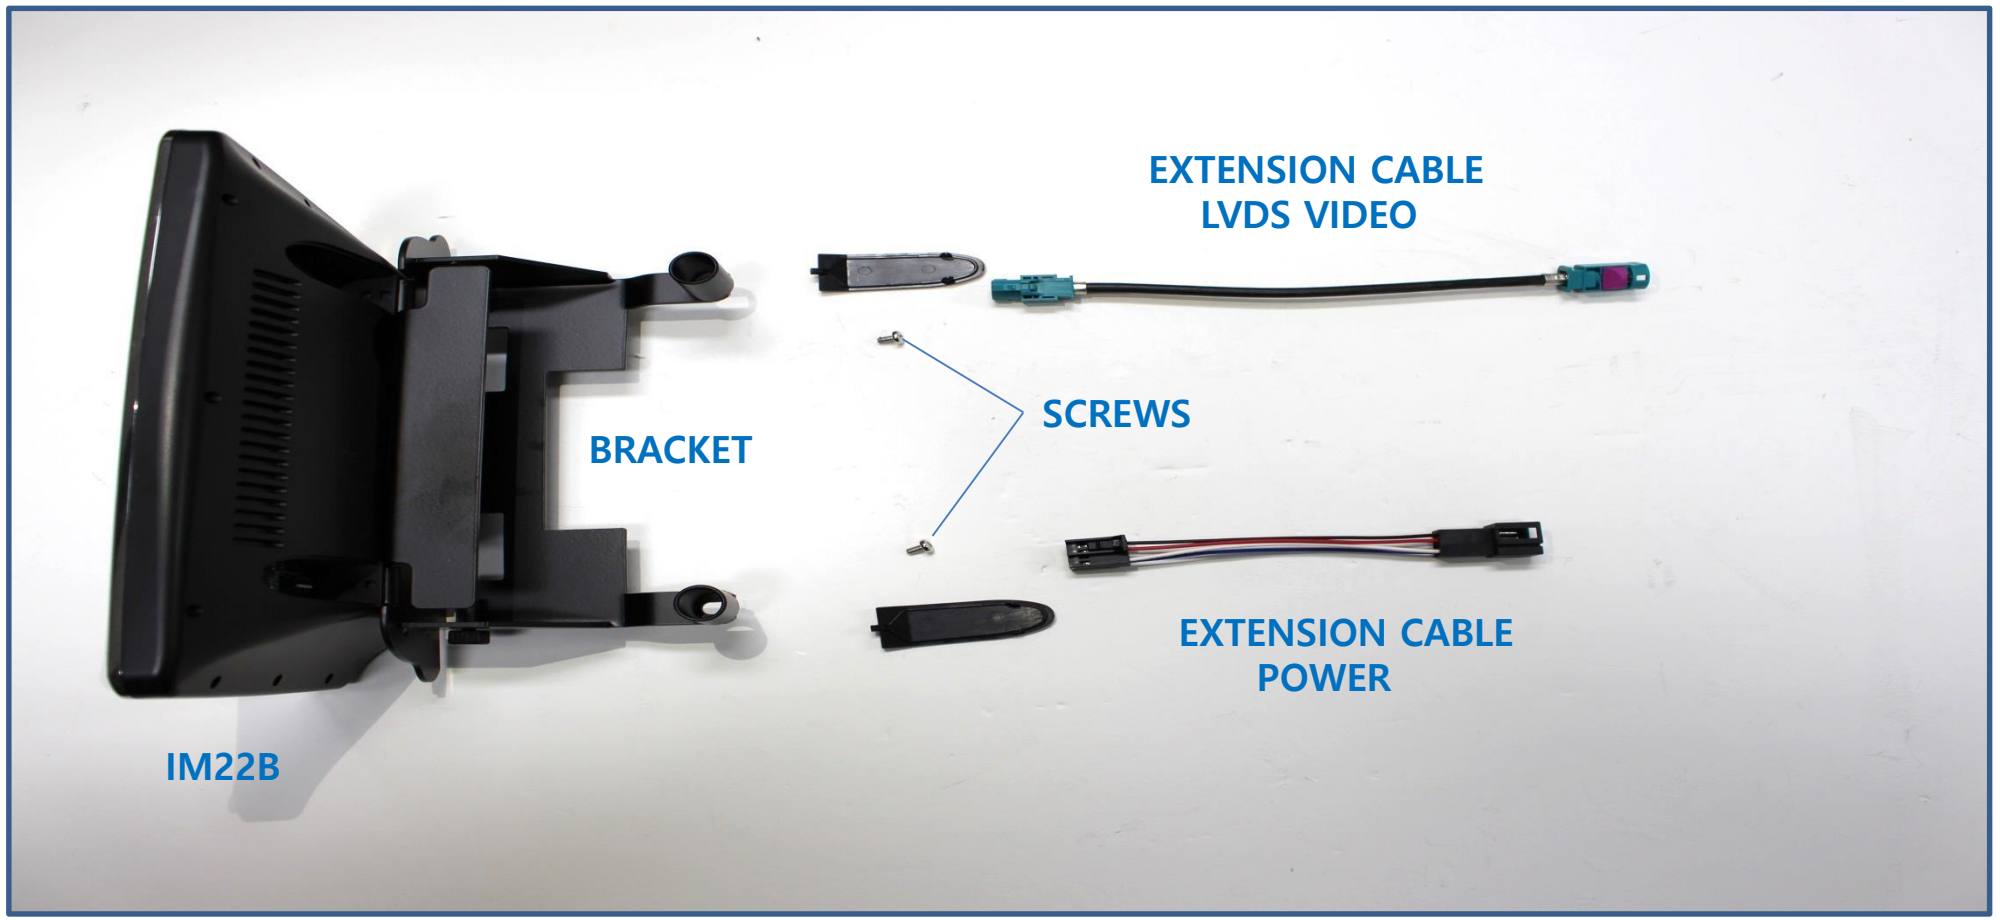
(For W205)

Date : 2015. 11. 23

Made by: NETWORK

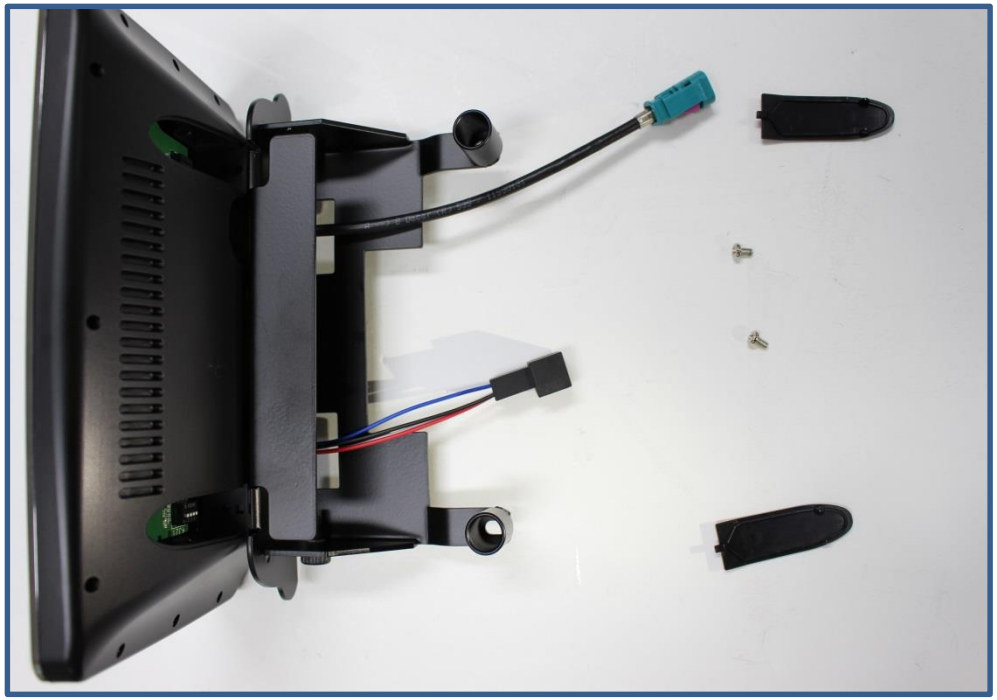
* ACCESSORIES

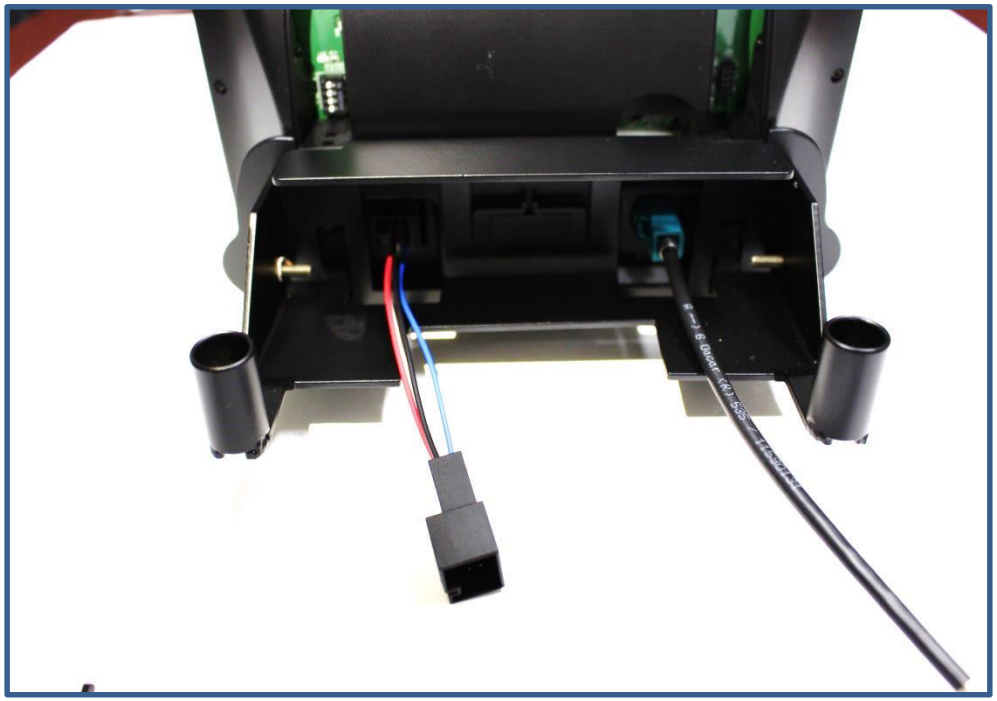


1. REMOVE Those Rubber COVER

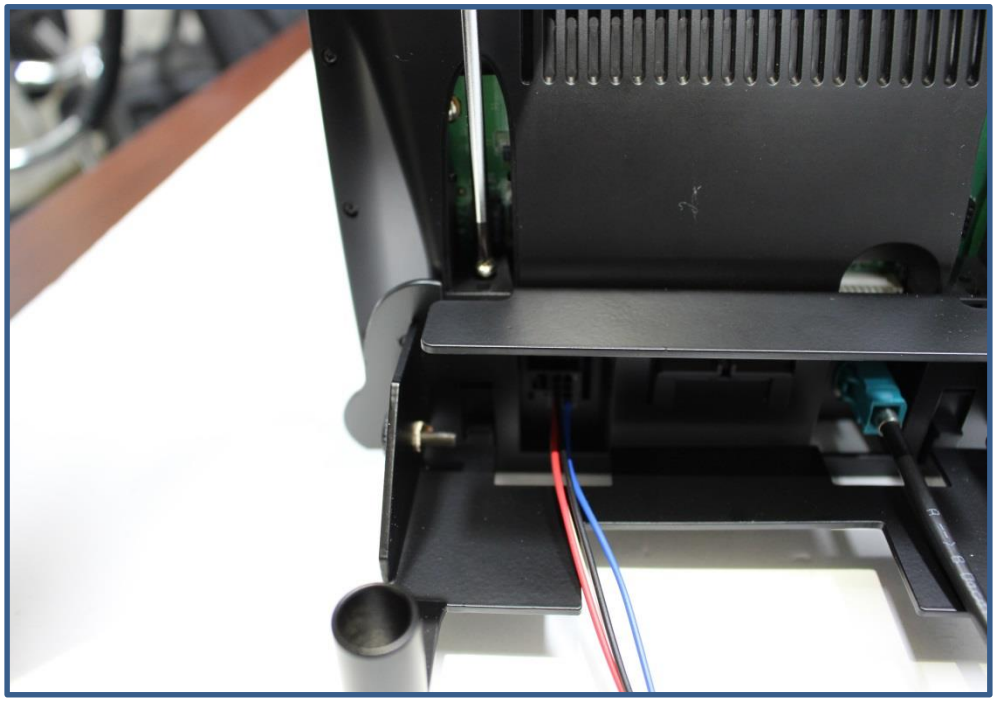
2. CONNECT Those EXTENSION CABLES

3. INSTALL THE BRACKET – with provided bolts.

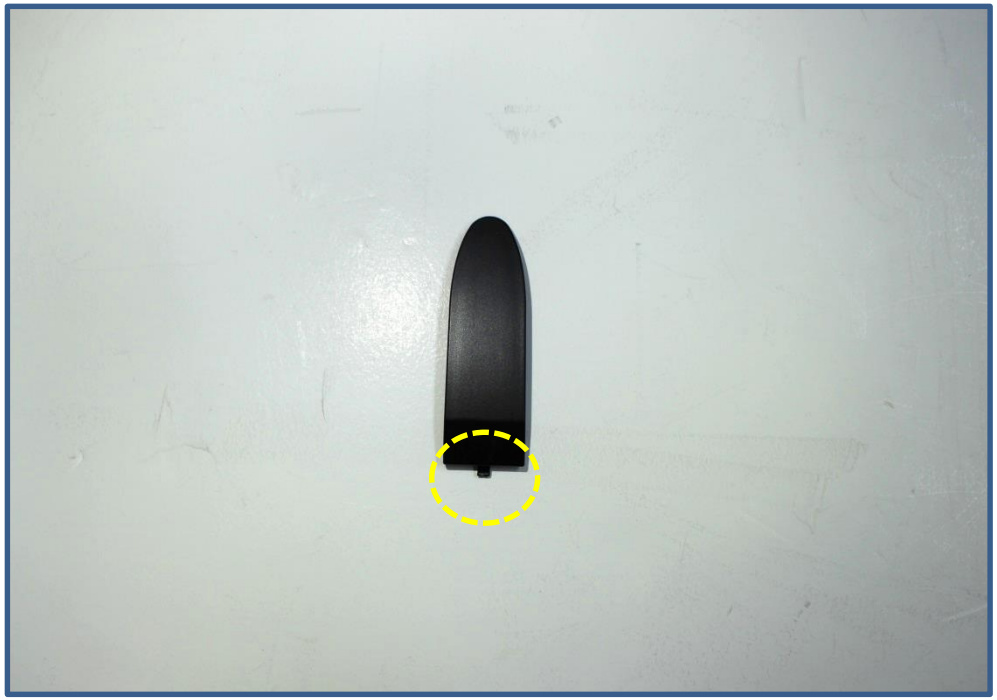




4. SCREW THE BRACKET TO THE MONITOR



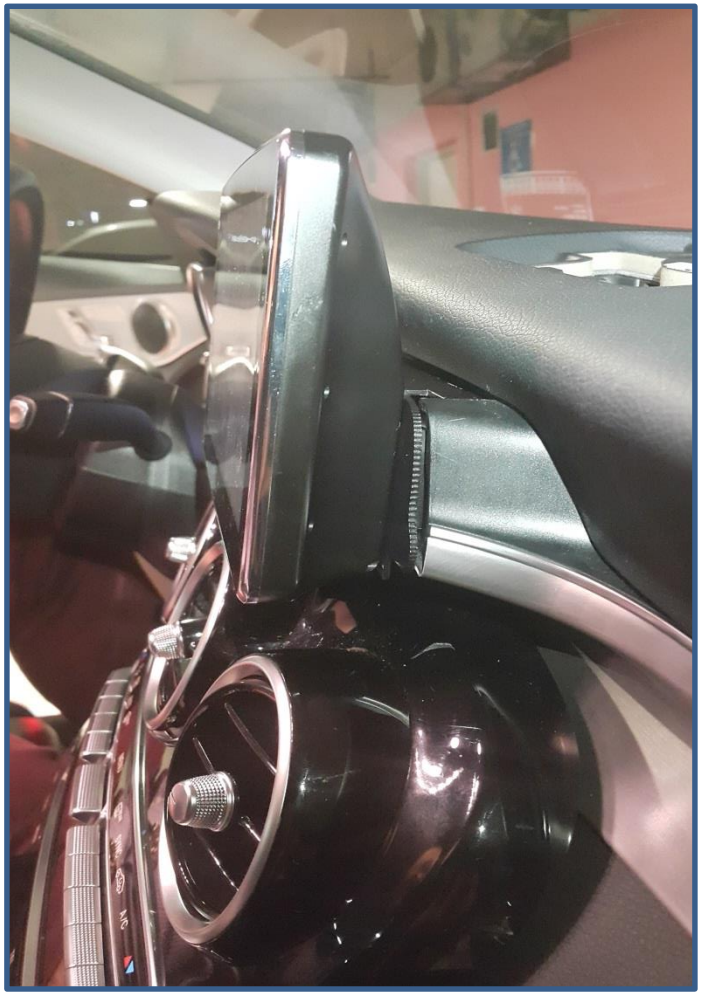
5. TRIM THE COVER TIP

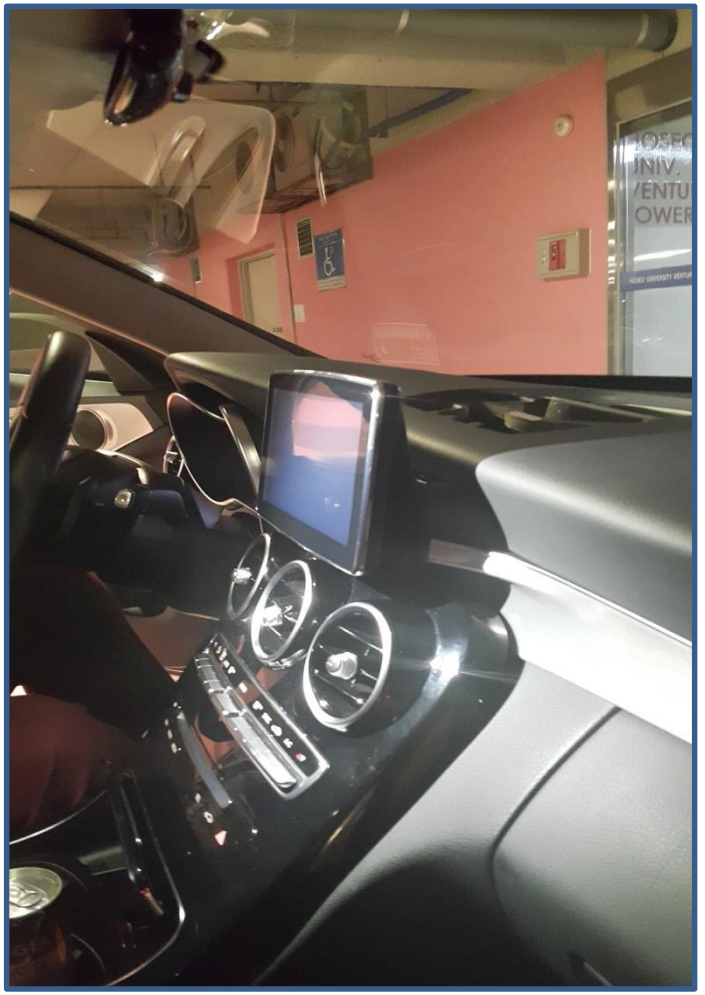


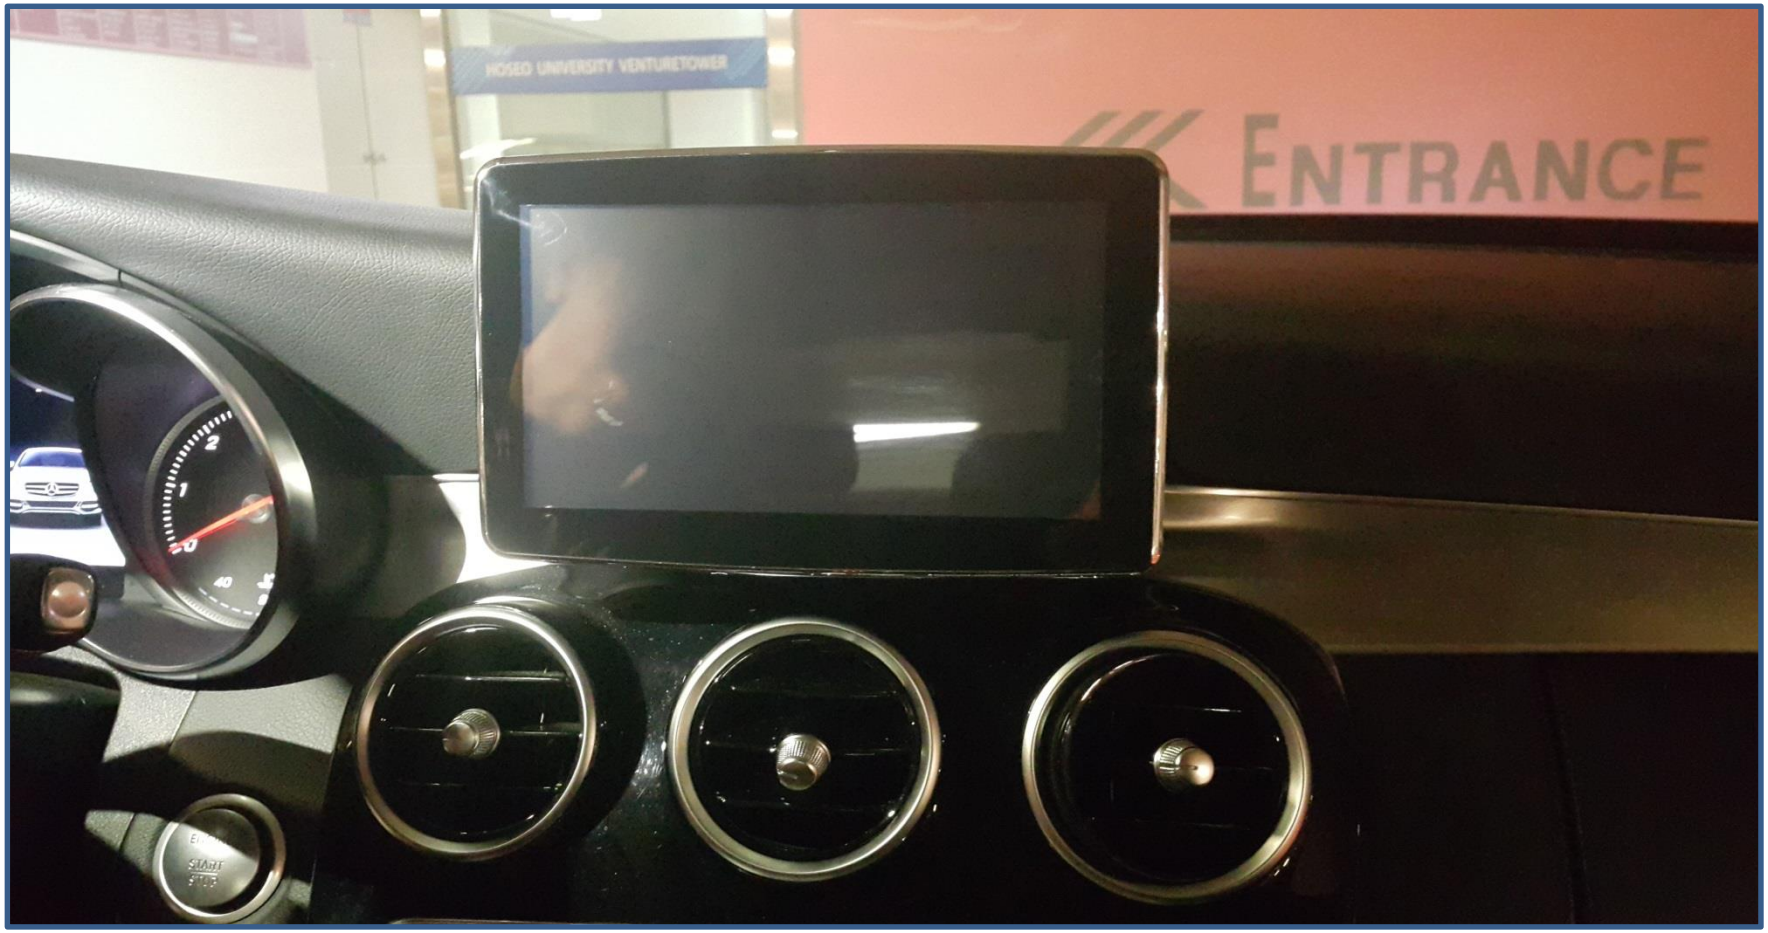
* After installation of the bracket to the monitor, the cover tip's space will be narrow. Therefore, you must trip the cover tip to fit it on. (Cut the small plastic inside of circle)

5. PUT THE COVER

7. INSTALL THE MONITOR TO VEHICLE







7. INSTALL THE MONITOR TO VEHICLE
